To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

We learn by telegraph that the "Eagles" were badly beaten at Concord to-day.

ABOUT THE DEPOT.—Mr. Thomas Dobson, recently employed in the Freight house, was detected, on Wednesday last, in stealing whiskey, codfish and rubber shoes from the freight house, and has suddenly disappeared. It seen that sundry articles of groceries had been missing from the freight house from time to time, and on Tuesday last there arrived for Dr. S. R. Day, Town Agent, ten cases of whiskey. Dobson was seen to remove one case from the lot, across the depot, and to turn the marked side down. The door near which it was placed was left unbolted and in the morning the case had disappeared. Suspecting the thief, search was made about the premises and at about 6 p. m., when three men were engaged in the search under the freight house, Dobson appeared with two codfish. The dark lantern in the hands of the searcher, revealed his presence much to his own astonishment. The fish was recovered and the whiskey was found buried there, in the sand, together with other articles which had been taken away.

On Wednesday evening, Michael O'Day, about 16 years of age, while shaking lard in the passenger depot, got on of his hands caught and badly jammed. The amputation of one finger became necessary, which operation was performed by Dr. Fassett, and the young man went home to Swanton to-day.

THE first hop of the series to be given under the auspices of the Entre Nous Club, during the winter, came off last evening, at Academy Hall. About 40 couples were present, among whom we need some of our most respected citizens, and in pronouncing it a genuine success, we recognize the sentiment of every one present. These hops are to be held, once every fortnight, and will undoubtedly prove a very pleasant promotive of sociability among our residents.

GOOD TEMPLARS.—A Convention of the Good Templars of this County is called to meet at St. Albans Lodge on the 13th of November, which will be addressed by Rev. H. P. Cushing, of Burke, G. W. S., of Vermont.

BENNINGTON Lodge of Good Templars, with 30 members, was organized in Bennington last week, and bids fair to increase to 100 in a short time.

CHEESE.—The West Rupert Cheese factory Company made a sale last week of the entire lot of cheese that they had on hand, and are to make at 16¢ per pound, delivered at the Depot, about 37,000 lbs. all.

Potatoes are selling at 55 cents per bushel in Rupert.

R. M. Kimball, of Barton, has sued the Publisher of the Orleans Independent Standard for libel, claiming \$10,000 damage.

SUDDEN DEATH.—A man by the name of Laport, 49 years old, and living near East Cambridge, on Thursday last was well at dinner time, and went out to chop some wood. Not coming in at night, a search was made for him, and he was found dead near his work.

MONTREAL.—On the morning of the 28th inst., the Planing Mill and Saw Mill establishment of Mr. Louis Charbonneau, 12 and 14 St. Charles Barre street, with all their contents, were destroyed by fire. Loss, \$45,000. An old man by the name of Alex. Viau, who was employed as a night watch about the buildings, was burned to death.

Rev. J. Cordner, pastor of the church of the Messiah, (Unitarian), was, on Tuesday night, the recipient from his congregation, of an address, accompanied by a purse containing a check, for \$2,000. Mr. Cordner has just completed a quarter of a century of ministerial labor, and the address and donation were intended to commemorate the event.

Choice dairy butter is selling for 21 a 36 cents, per pound; medium 20 a 21; Canada factory Cheese is selling for 10 a 10½ per pound.

Timothy Murphy was, Tuesday forenoon, capsized from his cart, and received injuries which resulted in his death the same evening.

Mr. Edwin Adams is acting at the Theatre Royal. He is represented to be a good actor.

The Nova Scotia Giantess, the tallest woman in the world, is on exhibition at Mechanics' Hall.

OUR THANKS are due to Mr. David M. Camp, one of the assistant Clerks of the House of Representatives, for a copy of the Manual of the Legislature of Vermont for the year 1868.

A NAUGHTY COUPLE.—The Ontario Repository states that last Wednesday night a man and woman arrived at a hotel in Canandaigua and took lodgings, the man registering his name, and that of the lady as his wife. A busybody, who happened to see the register, and the parties, informed the landlord that a newly arrived couple were misnamed, that one was a man doing business in a neighboring village who had a wife at home, while the lady was the wife of another citizen of the same village, and that both were members of the same church. The landlord gave the party notice to quit, and they left. What the consequences were at home is not known.

From the Senate, for joint assembly this forenoon at 11 o'clock, to hear report of committee to canvass votes for Members of Congress; adopted.

By Mr. Reed of Waitsfield, as follows:

Whereas, It becomes the duty of the Legislature, agreeably to the Constitution of our State, to recur frequently to the fundamental principles, among which are enjoined moderation, justice and frugality; and

Whereas, It is thought we are incipiently departing from the republican simplicity of our fathers, both in the expenditure of time and money; and

Whereas, The taxes of the people are burdensome, and demand at our hands, as legislators, the strictest and most rigid economy; therefore

Resolved, By the Senate and House of Representatives, that a committee of two members of the Senate and three members of the House, to be designated a Committee on Retrenchment and Reform, be appointed by the President of the Senate and Speaker of the House respectively, whose duty it shall be to enquire whether the number of employees under the heads of departments, in and about the State House, may not be diminished, and whether the pay of these subordinates, or any other officers of the government, is apportioned to the service rendered; and also to recommend any measures which they may think proper to correct abuses, diminish the expenditures of the government, and report the same to the General Assembly by bill or otherwise,—with power to call for papers and papers.

REPORTS.

From Committee on banks, in favor of H. 48, to incorporate the Winchendon Savings Bank, with amendments which were agreed to; third reading ordered.

Mr. Wood, of Fairhaven, moved to reconsider the vote whereby S. 17, to enable the towns in the counties of Franklin, Lamoille and Orleans, to aid in the construction of the Missisquoi Railroad, was laid on the table and made the special order for Wednesday next, agreed to, and the motion to lay on the table was rejected, and the question being on the third reading of the bill; the bill was read the third time.

Mr. Dunn, of Fairfax, said that the question of bonding towns to build Railroads was one of serious importance, and in some sense, of doubtful expediency. But we should not grant that privilege to a part of the towns of the State, and not to others. The Missisquoi Valley was one of extreme beauty, and well adapted for the building of a railroad, which would open up a desirable thoroughfare from East to West, across the Northern part of our State.

He hoped the bill would pass. Mr. Gleed, of Morristown, said that the friends of the Lamoille Valley road had no unfriendly feelings towards the Missisquoi Valley road, but would do all in their power to aid them.

He hoped the bill would pass.

The yeas and nays being demanded by Mr. Pratt, of Pomfret, were taken and stood, yeas, 123, nays, 80. So the bill was passed.

A celebrated chemist says: "I consider, after a careful comparison and analysis 'Barrett's Vegetable Hair Restorative' by far the best hair preparation in the market. It is the only one I can fully endorse."—Boston Journal.

Renne's Pain-Killing Magic Oil is recommended to use both externally and internally, a drop used faithfully according to the directions on each bottle, it cures pain like a charm, and when used by any person, it has a new friend to praise its good virtues. The best praise is to try a bottle.

FULTON MARKET.—Just received, a nice lot of Dried Beef, Sugar Cured Hams, Bologna Sausage, Sweet Potatoes, Tomatoes, Peas, Peaches, Water Melons and Musk Melons. dt6-04.

PROGRESS.—Columbus sailed to the American coast in a four hundred ton ship, and first landed upon the island of St. Domingo. Last week a vessel from St. Domingo unloaded in New York over four hundred tons of St. Croix Rum for P. H. Drake & Co., of that city. That is but a few weeks' supply of this article, which these gentlemen use in the manufacture of the celebrated Plantation Bitters. We are informed by an exchange that Messrs. Drake & Co., have not advertised a dollar for a year, but that the sales of this article continue at the former enormous figure. In 1864, the receipts of the Plantation Bitters were equal to those of New York & New Haven Railroad.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

MARRIAGES.

In Milton, Oct. 27, by the Rev. A. J. Samsor, Mr. Charles L. Welcott, to Miss Lydia E. Crow, of Milton.

On the evening of October 15, by the Rev. S. D. Davenport, at the residence of the bride's mother, Miss Amelia M. Griffiths, of this city, to Mr. Francis Corcoran, of Manchester, New Hampshire.

Our best wishes will accompany the happy couple in the voyage upon which they have just embarked. May their wedded life prove a perpetual spring, a glorious May time, crowded with passion-dances that never fade. We congratulate Sergeant Corcoran on securing a rose from the bowers of beauty, and are glad to see him illustrate the truth of Tom Moore's observation, that

"The bee through many a garden roves, And hums his lay of courtship o'er; But when he finds the flower he loves, He settles there and hums no more."

WELDEN SPRING WATER. BY TELEGRAPH

Water from Welden Spring, St. Albans, Vermont, which has proved highly efficacious in Scrophulous, Cancer, and all diseases of the skin, and also for Dyspepsia, Kidney and Liver Complaints, General Debility, &c., &c., is now for sale, at wholesale and retail, at 218 Washington Street, where books may be obtained containing an analysis of the Water, with certificates from physicians and others, testifying to its beneficial effects in numerous cases where it has been tried.

MERCHANTS NATIONAL BANK, 28 State Street, Boston, Oct. 7, 1868.

E. S. GOODWIN, Esq., Agent Welden Spring Water.

DEAR SIR: I write to acknowledge the benefit I have received from the Welden Spring Water. I have been troubled with Disease of the Kidneys for many years. I have consulted some of the best physicians in the country and received no relief. Some few months since I was recommended to try the Welden Spring Water. I had not taken it long before I was surprised to see how much good it had done me. Since then I always keep it in my room and seldom drink any other water, knowing eventually it will cure me. As I am anxious that others should be benefited by my experience, I cheerfully recommend it to all suffering with the same disease. Respectfully,

J. J. MAY.

[From Francis B. Dixon, Esq., Counselor at Law and Average Adjuster, Boston.]

17 MERCHANTS EXCHANGE, London, October 3, 1868.

E. S. GOODWIN.

DEAR SIR: I cheerfully comply with your request to give my candid opinion of the merits of the Welden Spring Water. For some years I have suffered much from Dyspepsia, and having exhausted patent medicines and the prescriptions of many physicians, I was advised to try the Welden Spring Water. I found by taking a glass of the water before meals it acts as a tonic and general regulator of the system, and enables me to eat any kind of food without inconvenience. The only evidence I can give of my appreciation of its virtues is a recommendation to every one suffering from Dyspepsia to try it.

Yours truly, FRANK B. DIXON.

QUINCY, MASS., Oct. 3, 1868.

E. S. GOODWIN, Esq.

DEAR SIR: My wife has used your Welden Spring Water, and has received great benefit from it. Before she used it she had a bad cough, and had bled from the stomach or lungs. The cough has entirely disappeared and she is as well, or better, than she has been for ten years.

Very respectfully your old servant,

JOHN T. WILLEY.

Proprietor of Hancock House, Quincy.
